Career Objective

As a programmer who had been learning in the past 8+ years with industry-leading passion to invest my time in coding and development, I am eager to serve my client with the best way possible.

Certifications

1. SeaGem Certificate: Java Programming (2021)
2. SeaGem Certificate: Creative Web Design L2 (2021)
3. GL Certificate: Android Application Development (2022)
4. GL Certificate: Java Programming (2022)
5. GL Certificate: Java Algorithms (2022)
6. GL Certificate: Java Applications (2022)
7. GL Certificate: .NET OOPs (2022)
8. GL Certificate: jQuery Tutorial (2022)
9. GL Certificate: Front-End Development – HTML (2022)
10. GL Certificate: Front-End Development – CSS (2022)
11. GL Certificate: UI/U (2022)
12. GL Certificate: Design App (2022)
13. GL Certificate: Building Games Using JavaScript (2022)
14. GL Certificate: Permutations and Combinations (2022)
15. GL Certificate: Python List (2022)

Summary

I am a multilingual programmer who is flexible enough to work underpressure in various projects; also a valuable resource myself as a mobile app developer, software engineer, website developer, and an Arduino hobbyist as well.
